FY2031 Capital Program Budget — Approved Allocations
Office of the Chief Financial Officer | Confidential — Internal Use Only

The following program allocations for fiscal year 2031 were approved by the Capital Committee at the December 2030 review. Allocations are firm for the fiscal year; mid-year reallocations require CFO approval and a revised board memo.

Program	Business Unit	FY2031 Allocation
Project Aurora-3	Advanced Sensing	\$5,220,000
Project Borealis-4	Propulsion Systems	\$3,150,000
Project Cinder-2	Energy Storage	\$12,004,750
Project Zephyr-9	Avionics	\$8,417,200
Project Marlin-7	Materials R&D	\$1,980,000
Project Solace-6	Ground Systems	\$6,540,000
Total		\$37,311,950

Flagship program designation for the fiscal year is set by the Operations Committee and issued under separate cover. Flagship status reflects strategic priority for the year and is determined independently of allocation size.
